Abstract

Led by The Avoca Group and sponsored by Eli Lilly and Company and Pfizer, Inc., The Avoca Quality Consortium brings together quality outsourcing and operational professionals from member pharma, biotech, niche clinical service providers, and contract research organizations (CROs) to accelerate the development of leading practices and industry standards for proactive quality management and risk mitigation in clinical research.

Mission

Through Avoca's benchmarking of leading practices and the formation of an industry consortium focused specifically on quality management, members work to improve the quality and outcomes of outsourced clinical trials.
