Abstract

COPDMAP, as part of the Medical Research Council (MRC)/Association of the British Pharmaceutical Industry (ABPI) Inflammation and Immunology Initiative, represents the first phase of a new approach in funding by the MRC, bringing together academics and industry at the early research and development stages to develop a stratified approach to disease (targeting the right treatments to the right people), enabling effective clinical trials as well as identifying novel biomarkers, mechanisms, and targets.

Structure & Governance

The following are COPDMAP Work Packages (WPs):

Financing
COPDMAP is funded by MRC and ABPI as part of the Inflammation and Immunology Initiative.
